The body of a newborn baby was found wrapped in a purple beach towel at a waste collection center this morning. The child was found in the back lane bowling house. At about 10 am, investigators were called to the scene and began an investigation. The police said that the baby was born alive and full-term, and his gender is still unknown. "This is a very strange find, but we cannot say anything about motives or identity until an investigation is carried out," a police spokesman said. A newborn baby was found in a landfill on Monday, born on Thursday afternoon fffad4f19a
