Centering text in
centered div I have
created a centered

div. I have placed a button inside it. I would like to have the button center aligned with the text, which is currently in the left side of the div. How would I accomplish this?

HTML Button CSS

```
.center { margin:  
auto; display: table;  
text-align: center;  
width: 200px; height:  
200px; background-  
color: yellow; } A:
```

One way is to use
display:table and
display:table-cell and
vertical-align:middle

on the button
element. Example.

Elevated

sulfate ratio in
patients with
multiple sclerosis.

Peripheral
demyelination in

multiple sclerosis
(MS) results in
increased levels of
various markers,
including sulfate-
sulfate (sulf-sulf)
ratio. We sought to
determine if
cerebrospinal fluid
(CSF) sulf-sulf ratios

are elevated in MS.
A retrospective
cohort study of
patients who
underwent lumbar
puncture for MS
testing at a single
center from January
2009 to June 2011
was performed.

Demographic and clinical information was collected. Sulf-sulf ratios were calculated as [CSF:serum]. The primary outcome measure was CSF sulf-sulf ratio. The study included 195

patients with MS.
The median (IQR)
CSF sulf-sulf ratio
was 0.73 (0.66,
0.82). There was no
difference in the
mean CSF sulf-sulf
ratio between
patients with a
relapsing-remitting

MS diagnosis (0.74, 95% CI: 0.70-0.78) and primary progressive MS (0.75, 95% CI: 0.69-0.81) ($p = 0.39$). CSF sulf-sulf ratios were also not significantly different in patients

with clinically
isolated syndrome
