#### WebSpeakup For PC

? WebSpeakup will help you keep up to date with friends, friends of friends and other people you are likely to like. ? You can learn many things about people (think you know what they like? Take a listen!) ? You can also offer help and give recommendations (like a real friend). The first time you visit the site, you need to register. You will then get instant access to your friends list, where you can see what they are doing, find out what they like and suggest. ? You can discover great websites for your interests. If you like a web page, you can rate it for others, and you can hear what other web users say about that page. ? You can also speak-up your own mind. You can give your opinion about a site, page or topic and even get help. ? You can even view the web pages, sites or topics other people like most. Use this to find topics that are popular and interesting, so you can join in and listen to what other people are saying. ? You can even join web forums, discuss the same topics with web users, ask questions and find out about recent events. ? It's FREE. NUPRESTO Online is a web-based tool to assist government to promote e-government. It is the product of the project of "e-Government Application using Java and Web technologies" that has been funded by the Millennium Development Goals (MDGs) through the Asian Development Bank (ADB). The Director of e-government in the National Development Planning Agency (NUPRESTO) leads the project. NUPRESTO Online is a web-based tool to assist government to promote e-government. It is the product of the project of "e-Government Application using Java and Web technologies" that has been funded by the Millennium Development Goals (MDGs) through the Asian Development Bank (ADB).
