Oceans and Islands is looking for qualified, self-motivated individuals to join our industry-leading recruitment team in the NSW Southern Highlands. There are no two days alike! You will become part of a progressive family with a positive work environment. With over 20 years of employment recruitment experience, we offer a supportive management team, prestigious clients, a challenging role with room to grow and a generous package of benefits to assist with your career.

Recruitment Process Our recruitment process is designed to find the right person for the job. As such we are able to provide you with an out-of-the-box recruitment process complete with our expertise in the process. We will:

- Assess your skills, experience and areas of experience
- We have you complete a detailed resume and cover letter
- We conduct an appropriate phone interview
- We will then arrange for a face-to-face interview at our office
- We will then conduct further pre-employment testing if necessary
- We will then make a further assessment of suitability with your manager and discuss any changes
