Thanks to some code hard at work on my part, I have got features to implement into this app. I have included a feature to display things like the number of times a sound is played, the total number of sounds, etc. I also added a couple of statistics functions that will give you a breakdown of how the numbers of sounds that are made against animal kingdom. For example, how many creatures have ears, how many have paws, etc. As you can tell, this application is still in beta. So it may not have all of the features as promised, but it definitely has some features ready to be added. Enjoy the new features! I'm so excited to announce the launch of this app and I can't wait to hear your feedback! Thanks to some code hard at work on my part, I have found a way to make the application check for updates automatically, now you don't have to worry about having to relaunch your application everytime the server has a new set of sounds! This app will now look for new sounds every time the server has a new set of sounds, also allowing you to check if you are currently logged in, or using your facebook account. Just make sure to update to the newest version of the app. The newest version of the app has two more features! 1. The previous app, Animal Sounds, is now included in the app! Just click on the Animal Sounds icon in the lower right and that will bring you directly to the application. 2. A button to the lower left of the icon brings you to a facebook login window that will log you in automatically. So what do you think? Thanks so much for downloading the application and sharing it with your friends!
